

## Sonoma Valley Boosters Banquet Was Great Success

REPRESENTATIVE CITIZENS PARTICIPATED IN NOTABLE EVENT  
ARRANGED BY SONOMA BUSINESS MEN'S ASSOCIATION.  
MANY HELPFUL TALKS AND FINE SPIRIT EVIDENCED.

The banquet held at the Toscano hotel Thursday night, under the auspices of the Sonoma Business Men's Association, brought together many goodly boosters from this and neighboring sections and the fine spirit evidenced on the occasion made it an era in local civic history.

The dinner itself was a splendid one, reflecting credit on mine host Cincui and assistants. The tables were decorated in gorgeous roses and the dining room brightly illuminated and hung with the B.B. posters.

There were guests from San Francisco, Santa Rosa and San Rafael and, with the local people, the company numbered about fifty. Supervisor Fred Lowell was expected, but sent regrets, as did also Harry Speas of the Golden Gate Ferry Company. However, those present vouched for the support which will be given by both Mr. Lowell and Mr. Speas in any movement for the upbuilding of Sonoma city, valley or county.

Mr. Hitchcock of the Santa Rosa Chamber of Commerce was the first speaker called on for a talk and he emphasized the value of cooperation. Secretary Stafford of the Santa Rosa organization outlined the fine plans of the new County Board of Trade to advertise this section. Sonoma valley mineral springs resorts and the London ranch are to be shown to the world in films, with other scenes from Sonoma county.

Mr. Day, of the San Francisco "Be a Booster" campaign, outlined the great movement under way to make Northern California known, and said the rich country districts about the bay must cooperate. He enlivened his talk with some good stories and was given a decided ovation.

Thos. P. Boyd, attorney for the Boyes Springs Hotel Company, and a stockholder, made one of the finest talks of the evening. He chose for his topic "The Commercial Value of Beauty," and made the most of his theme. It was a heart-to-heart straight from the shoulder arraignment of Sonoma's sleepy indifference to appearances and the speaker declared we cannot hope to attract the people who will enrich our community until we dress up and clean up the town and its surroundings. He advocated the spending of a little money by the poorest man toward beautifying his premises and said that with individual interest in the commercial value of beauty Sonoma would forge ahead. He hinted at the possibility of a \$500,000 hotel at Boyes Springs at no distant date.

The Golden Gate Ferry Company was represented at the banquet by Mr. Leonard, who entertained the banqueters with a splendid talk on the need of the new transportation service and gave some good stories on the spirit of Los Angeles.

Other speakers of the evening were Rudy Lichtenberg, "Mayor" Minges, Chas. Dal Pogetto, Wm. F. Cleve, and Sheridan Baker of Santa Rosa. W. L. Murphy, chairman of the Business Men's banquet committee, acted as toastmaster.

Vocal numbers by Mrs. W. C. Wilson, Sonoma valley's sweet singer, added greatly to the evening's pleasure. One of Mrs. Wilson's numbers was "We'll Tell the World," the latest booster song just off the press and specially procured by Al Stein, secretary of the Sonoma Business Men's Association, for the event.

SOUTHERN CALIFORNIAN BUYS SITE FOR HOTEL IN VALLEY OF THE MOON

Harvey Toy, owner of a tract in Sonoma Vista, is said to have sold the five-acre piece west of the S. P. depot to Southern California capitalists, who will erect a \$200,000 hotel, patterned after the Cottage Inn of Santa Barbara. The scenic environment, coupled with its proximity to the natural mineral springs, makes it very desirable property.

"EPH" WEISS, the expert optometrist, will be in Sonoma at the Union hotel on June 2. Permanently located at 706 Larkin St. San Francisco.

INJURED AT RAILROAD CROSSING

While crossing the S. P. tracks at El Verano this week Captain Yellowly failed to note the approach of a train and barely escaped being seriously injured. He just managed to get by when the steps of one of the coaches grazed him and knocked him down. One of his ribs was broken.

COMING

Dr. L. B. Lawson, optometry specialist, will be in Sonoma, at Simmons' Pharmacy, on May 2 and May 15th.

Miss Rose Pagani, of the Sonoma Valley Bank, is driving a new model Ford sedan car.

## Bids Opened for Paving City Streets. Lowest Bid is \$59,250

SIX CONTRACTORS ESTIMATE COST OF WORK AND ALL THE ESTIMATES ARE HIGHER THAN MONEY ON HAND.

For the second time since the people of Sonoma city voted \$53,000 at a bond election to pave their streets bids were opened Wednesday night for the work. Last year all bids were rejected as being too high, and at this week's meeting of the trustees the six bids put in by contractors were all in excess of the \$51,000 on hand to do the work. Twenty-five hundred dollars was the fee of Howe & Peters, consulting engineers, leaving the actual construction of concrete thoroughfares. The bidders Wednesday night were as follows:

R. E. Errington ..... \$61,675.00  
A. L. Burr ..... 59,725.00  
R. E. Murphy ..... 60,187.50  
C. H. & A. W. Gorrill ..... 59,250.00  
Galbraith & James ..... 61,922.50  
F. R. Ritchie ..... 59,875.00  
(for cement concrete)  
Same ..... 65,075.00  
(for 4-inch asphaltic concrete)  
Same ..... 53,375.00  
(for 3-inch asphaltic concrete)

The latter contractor, in bidding \$53,375 for 3-inch pavement, gave the cheapest figure of any of the firms, but as 3-inch pavement was not in the specifications and is not recommended by the engineers, it cannot be considered unless the whole matter is reconsidered under the new specifications. Three-inch asphaltic concrete road is favored by Trustees Breitenbach and Beretta, who believe that by using the pavement of reduced thickness that all the streets intended to be improved can be completed. Other members of the board

doubt the wisdom of laying 3-inch streets and are of the opinion that they will not give service. They are advised against it by Howe & Peters and other authorities on highway construction.

The problem confronting the board is a vexatious one, but it is believed that by leaving about 900 feet at the West Napa street and Broadway city limits for the state to fix when the Schellville-Santa Rosa highway is being constructed all other portions of town can be paved as originally intended. The state has given assurance of aid, but some of the trustees and many citizens are fearful lest it be several years before the state highway commission gets here.

There are those who favor calling an election for a sufficient amount of money to finish the work right and others advocate cutting down the width of the pavements around the plaza. In order to feel out public sentiment and decide on the best type and thickness of pavement the trustees are holding all bids and certified checks for one week, when it is believed they will award the contract. R. E. Murphy's bid of \$15.75 per cubic yard for the cement work was the lowest—others being \$16.30 and \$16.90 per cubic yard. Murphy, however, was the highest on grading, his figure being \$2 per cubic yard for excavating.

Other routine business matters were transacted by the Board of Trustees in regular May session. The cemetery road work was accepted, Mrs. McElroy was given a quit claim deed to a lot on Broadway.

Mr. F. Helberg Entertains

The White Shell Club was entertained by Mrs. F. Helberg Friday of last week. Spring blossoms and a cordial welcome greeted the members on their arrival at the hospitable home. The afternoon was particularly enjoyable owing to the reunion of old friends and former members of the club, who came from Napa, Petaluma and Santa Rosa to be present.

Mrs. E. E. Bennett was over from Petaluma. Mrs. Beroughs came from Napa and Mrs. Strong from Santa Rosa.

A dainty repast was served during the pleasant hours at the Helberg home and were enjoyed by all present.

MOTHER'S DAY TOMORROW AT THE M. E. CHURCH

Mother's Day will be observed at the M. E. church tomorrow and at the regular morning service at 11 o'clock the pupils will be occupied by Mrs. Burckett. Her theme will be "The Holy City." Music appropriate to the day will be rendered by the choir. All friends of the church are invited to the Mother's Day services.

## TRUSTEE BERETTA FAVORS ASPHALTIC CONCRETE STREETS

Sonoma, California, May 6, 1921.

About a year ago the City Trustees and a committee of citizens decided to visit different towns in the south for the purpose of inspecting the streets and county roads. The following made up the party: Mayor Chas. Dal Pogetto, E. C. Campbell, Fred Bulotti, A. Beretta, H. F. Bates, W. L. Murphy, H. Waters, Frank Burris. After going over several hundred miles of cement concrete and several miles of asphaltic concrete we all agreed that asphaltic concrete was the best for our Sonoma streets. I am of the same opinion today. Several towns and counties laid asphaltic concrete from 1 1/2 inch to 2 inches—from San Mateo to Beresford 1.76 miles new water rock macadam base 5 inches thick with 1 1/2 inch asphaltic concrete surface completed in November, 1913. It is in good condition today. From Redwood City to San Francisco creek, 3.28 miles, new water rock macadam base, 5 inches thick, 1 1/2 inch asphaltic concrete surface, completed in December, 1913. California state highway laid about 12 miles of the total of 38 miles of the California state highway between San Francisco and San Jose, constructed in 1913 and 1914 of 5 inch water rock macadam base and surface, with 1 1/2 inch asphaltic concrete. As we all know this highway is subjected to a very heavy traffic and is today in excellent condition and has required practically no maintenance. The City of Sacramento, in 1913, laid 1 1/2 inch asphaltic concrete on 5 inch water rock macadam base on Twelfth street from the entrance to the city to H street. This street is the main entrance to the city from the northern part of the state and is subjected to very heavy traffic conditions. It is in excellent condition today and has had practically no maintenance. The City of San Rafael, in 1914, laid 2 1/2 inch asphaltic concrete surface on Petaluma avenue, from Linden lane to Alhambra avenue, and on Fourth street from Shannon to the end of the city limits towards San Anselmo. This road is in good condition, as we all know, and has cost nothing to date for maintenance. Little county contemplates construction on roads of many additional miles of this type of pavement under its \$1,800,000 bond issue.

Now look at the cement concrete road right here close to home. The Petaluma-Santa Rosa highway, laid not long ago, is today going to pieces. It is being patched up all along with asphaltic concrete.

On my trip last year to San Diego by the coast route and back by the valley route I saw many and many miles of cement concrete highway going to pieces all along the route. The state was making replacements with new sections of cement concrete and patching up the cracks with asphaltic concrete. One of the greatest highways in America is the Columbia river highway out of Portland, built on rolled rock foundation with a 2-inch asphaltic concrete surface. About half of Portland is paved the same way. Also all the streets in Boston are built on rock and 2-inch asphaltic concrete.

It is my opinion that 3 inch asphaltic concrete properly laid will make better streets here in Sonoma than will 4-inch cement concrete. I am not in favor of 4-inch cement concrete streets. In conclusion I will remind the taxpayers of this town, on whom the burden of taxation falls, that if poor pavements are laid in Sonoma you will be the greatest sufferers, and you have, therefore, the best right to be heard in the matter of pavements. In view of the seriousness involved I recommend that you taxpayers give the matter your careful and immediate attention, and remember, the adjourned meeting of the City Trustees will take place in the City Hall, Sonoma, on May the 11th, 1921, at 8 p.m.

I thank you.

Respectfully,  
A. BERETTA,  
Taxpayer, City Trustee and Street Committee.

## Fine Entertainment Offered By Grammar School Next Week

INDIAN OPERETTA, "THE PIONEER'S PAPOOSE," AND OTHER PROGRAM NUMBERS IN PREPARATION.

The Sonoma Grammar School entertainments always exceed the most sanguine expectations of the audience and participants, and this year's offering is no exception. Friday and Saturday nights, May 13 and 14, an unusually fine program will be presented, comprising orchestral numbers by the pupils, under the direction of Rev. Burckett, their instructor, folk dances, violin and piano duets and a flag drill. In addition there will be presented the Carrington operetta, "The Pioneer's Papoose," for which special costumes have been designed and an orchestra consisting of Miss Pope, piano, Roy Pauli and Frank Knolle, violins, C. E. Johnson, cornet, and Leland Adler, drums, will play. Costuming has been under the direction of Misses Cooper, McConochie, Mrs. Lewis, Mrs. Clerici, Mrs. Rova and many mothers of children in the east. The stage settings will be appropriate and effective, and from the moment Chief Tomahawk reads the message, "Unless your son, Whiteface, consents to marry my daughter, Lillanush, I will burn your village and make dox meat of your tribe," the audience will be on the qui vive and treated to a maze of beautiful songs and clever repartee, with the plot all ending happily.

Following is the program in detail: PART I. Recitation, "Little Orphan Annie," Adriana Montgomery. School orchestra, Rev. Burckett, instructor. Ella Fox, Cecil Hunter, Victor Ehrlich, Leland Adler, Rene Rouquette, Maxwell Johnson and Wm. Rambo. Numbers—"We Salute Thee, Old Glory," "Flow Gently, Sweet Afton," "Heralds of Spring," selections from "Il Trovatore" and "Cavallera Rusticana."

Russian character dance, Gene Tate and Leland Clerici. Violin and piano, "The Flower Song" (Lange), G. Golden Hours (Johnson), Ella Fox and Beatrice Boyd. Scandinavian folk dance, Viola Cantoni, Jane Eberhard, Annie Small (girls), Elvira Bianchini, Annie Cook and Countess Prestwood (boys). Flag drill, Margaret Shaw, Louise Odono, Margaret Cereghino, Geraldine Small, Thelma Frye, Isabel Bridges, Elizabeth McDevitt, Leona Cook, Margaret Doherty, Elizabeth Tucker, Evelyn Weyl.

PART II. Operetta, "The Pioneer's Papoose." CASTE. Chief Tomahawk ..... Victor Ehrlich. Prince Whiteface ..... Stanley McGill. Medicine Man ..... Herman Haynes. Pioneer ..... Radford Keifer. Lillanush, his daughter ..... Lucile Sorini. Lillanush, an Arrowhead ..... Vesta Prestwood. Starshine ..... Grace Barr. Mountair ..... Hazel McCosker. Bowbright ..... Albina Nardi. Chorus of Indian Maidens—Jennie Downey, Zada Stillings, Anita Murray, Mae Bianchini, Louise Baracchi, Francis Murphy, Alice Pellissier, Louise Larson, Mary Kiser, Elizabeth Lewis. Dancers—Jane Eberhard, Countess Prestwood. Chorus of Indian Braves—Peter Kiser, Everett Murphy, Mike Kiser, Norman Heggie, Cecil Hunter, Glio Beneditti, Paul Robin, Fred Larsen, Allan Bean, Walter Carter, Frank McDowell, messenger.

## Why Did the Harvard Professor Make "Hootch"?

AN INTERESTING question arises in the matter of the expose of the Harvard professor who was arrested for operating an elaborate still and making "hootch," or illicit liquor, in his home. We naturally ask ourselves how comes it that a man of his education and status should be engaged in a pastime which prohibition advocates would have us believe is indulged in only by natural law-breakers, rough necks and foreigners. It was plainly not the intent of the professor to make the stuff for profit. It was surely the American people have been raising the salaries of their peddlers sufficiently to keep them from the temptation which bootleggers' prices for liquors might hold out. We believe the Harvard scholar was actuated by no mercenary motive in setting up the contrivance which turned out the high percentage stuff that caused him all the trouble. The high cost and scarcity of the brands he was accustomed to indulge in or his desire to know what he was drinking rather than take a chance on the purchase of some of the atrocious concoctions for which the "dry" era is responsible might possibly account for the setting up of Baccus as the household god of the Harvard highbrow.

We believe, however, that the motive which actuated the professor to dabble in the making of moonshine may be traced to and is begot by prohibition itself. It is responsible for a certain state of mind, psychology as the professor would put it which makes that which is out of reach or has any of the elements of mystery an interesting thing to pursue. The professor might have staved with the stars instead of moonshine, grappled with gravity not so specific, condensed his English or wooed other fauns and satyrs in classic myth than those which come trooping along the home-brew path had he not been sorely tempted by the psychology begotten by prohibition laws, a psychology which blows out all the teachings of patriotism and unconsciously transforms the best of citizens into law breakers. Any artificial arrangement designed for the betterment of the race which undermines so completely good citizenship and contaminates its units is working along destructive lines and will vitiate and pollute social progress and civilization no matter how advanced.

## You Know It

THERE are numerous small towns in Superior California that could gain materially in population and business by dint of concerted effort intelligently directed—the "long pull, the strong pull and the pull together" that usually wins if the aim is feasible. There commonly is too much disagreement in such communities as to local improvements of a general nature—too great a lack of organized effort.—Sacramento Bee.

THE 44-HOUR week for which printers are on strike will make the cost of production just that much higher to the public. The working man seems to forget that the public cannot get cheaper commodities until the cost of production comes down. Where is the brotherhood of man thought?

TWENTY-FIVE new jobs are to be created at the suggestion of reformers in San Francisco. A supervisor of dancing and twenty-four assistants are to be paid salaries from the city treasury. The moral healer at the feed bin is a more voracious politician than the ward heeler.

"MOTHER'S DAY" a beautiful interlude on the calendar, but every day is mother's day when we look in our hearts.

## Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

## THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can is but knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.

## EL VERANO SCHOOL

## ENTERTAINMENT

Successful Benefit Nets \$40 and Pays For Stereopticon Machine.

The entertainment given by the El Verano school children on last Friday night for the benefit of the stereopticon machine was very successful. Over \$40 was cleared, the ladies of the Parent-Teachers Association selling refreshments to augment the door receipts. Three hundred ice cream cones were disposed of.

The program was exceptionally entertaining and the pupils proved a credit to their teachers, Miss Alice Griffin principal, Miss Helen Longenecker and Mrs. Becker.

Following was the program and participants: Piano solo, Emma Cliff; songs, by primary grade; "Egypt," recitation; song, "My Mammy's Arms," grammar grade girls; recitation, "Apple Blossoms," Helen Taus; song, "Betty and Billy," third grade; piano solo, Doris Baines; song, "Wooden Shoes," fourth and fifth grades; folk dance, highland schottische, sixth grade girls; song, "The Frog," boys of third, fourth and fifth grades, best composition on following slides, Aldenita Steckmeyer; "Telephone and Telegraph Poles," stereopticon; song, "Louisiana," girls of grammar grades; action song, "So Long, Letty," girls of grammar grades.

## BUSINESS FOLKS AT SPRINGS ORGANIZE COMMERCIAL CLUB

Monday evening May 2nd, the organization of the Cooperative Commercial Club took place at Darling's restaurant, Boyes Springs.

Mr. Minges was elected president, while Chas. W. Perkins Jr. was elected secretary-treasurer.

The organization embraces Boyes Springs, Fetters Springs and Caliente Park, uniting these three places as one. "All for one and one for all" is the club motto.

The club aims to get one hundred members by June 1st.

The next meeting was set for Monday evening, May 9th at 8:30.

CHAS. W. PERKINS JR.

Secretary-Treasurer.

Mr. Minges, the president of the new organization, is a large property owner at Boyes Springs and one of the most enterprising of the valley. Under his magnetic sway the new Commercial Club should achieve a proud place among the organizations of Northern California. Straight ahead.

Jim Clark who formerly conducted the Boyes Springs club house, has a fine resort at Balboa Beach, Southern California, where he serves table d'hôte dinners, has entertainers and many other attractive features.

Attorney Thos. P. Boyd and wife of San Rafael motored up with a party of friends from Marin county to attend the opening at Boyes last Saturday night.

Mrs. Estes is in Oakland, where she has been visiting her daughter for some time past.

## WILL RETURN TO THE BRITISH WEST INDIES

Mr. and Mrs. Charles Nivet, who have been residing in Sonoma valley for the past three years, departed on the first stage of their journey to Trinidad-British West Indies, yesterday, and many Sonoma friends bade them bon voyage and will miss them greatly. The Nivets were globe trotters in quest of a climate which would be beneficial to Mr. Nivet's health when they came to California, and finally ended their pilgrimage in Sonoma valley, where they found the climate which proved to be beneficial to them both. After a few weeks, in 1918, spent at a Sonoma hotel, they settled in a pretty cottage on Riverside Drive, El Verano and there enjoyed many days of happiness and recreation, endeavoring themselves to a coterie of friends and taking much part in the activities of St. Francis parish. They proved to be delightful people, cultured and widely traveled, and it was with keen regret that Sonoma heard of their intent to return to their old home on the Island of Trinidad, Port of Spain, from which they have been gone ten years.

After four days in San Francisco they go to Chicago for a short visit with relatives and will then journey to New York, taking the steamer Panama of the Quebec line for the fifteen-day journey across the water via the Northern Islands, to their home. They will reside in Belmont in a suburban home with Mr. Nivet's sister.

## Visited the Valley of the Moon

### HERE TO BOOST AUTO SHOW IN PETALUMA MAY 11-15

Twelve autos with gay signs of Petaluma's coming auto show and driven by some of the leading citizens of the Egg City, were in Sonoma Thursday boosting for the big days, May 11-15. The following ladies and gentlemen were in the party: J. A. Cline, R. B. Boyd, J. H. Reeves, C. H. Bunderson, C. E. Niles and wife, C. W. Cramer, Wm. Loftus, Roy Archer, Henry Nauert, Mrs. F. Sparks, Mrs. A. Ellis, Mrs. T. J. Cline, Mrs. R. G. McNally, S. T. Cox and L. J. Schultz.

The N. S. G. W. of Glen Ellen Purler are planning another dance for the near future.

Mrs. H. Appleton, who has been ill and under the care of a trained nurse, is now improving.

Mr. and Mrs. E. E. Bennett were welcome visitors from Petaluma last Saturday.

Steve Prout, real estate man of Glen Ellen was in Sonoma on business Friday of last week.

Mrs. Roy Lynch, formerly of the Sonoma telephone office, was operating recently in a San Francisco hospital. She is reported as doing nicely and will soon be able to return to her home in Vallejo.

## GRAPE GROWERS TO GET SMALL CROP THIS YEAR

April Frost Damage Estimated at About 50 Per Cent. Advice on Taking Care of Vineyards.

All of our growers are of course intensely interested in receiving correct reports of frost damage that occurred throughout the viticultural sections of the state two weeks ago. The extent of the damage will necessarily affect the market prices of grapes by greatly lessening the normal crop. From the San Joaquin valley section we have the information that the rain crop will be 65,000 tons short of normal. This coming season it was expected that the yield of raisins would be 200,000 tons, but it is now estimated to be 135,000 tons. Thus it would appear that the fresh raisin crop suffered a frost damage to fresh grapes amounting to about 200,000 tons, as these fresh dry in the ratio of approximately 3 to 1. In the raisin section there was a belt 12 miles wide by 38 miles long that was first affected, and in this belt it is estimated that the loss to Thompson seedless was 95 per cent of that crop; wine grapes, 65 per cent of the crop; Malagasy, 60 per cent; Muscats, 40 per cent.

In Sutter and Yuba counties, where a great many raisin grapes are grown the Thompson seedless grapes are also so badly damaged running in some localities from 50 to 75 per cent.

In the Lodi and Sacramento sections the frost damage is spotted, and it is estimated that the average damage in those very prolific districts will not exceed 25 per cent.

In Mendocino, Alameda, Contra Costa, Santa Clara and San Benito counties there were early attacks of frost in the first week of April. The damage done ranged between 25 per cent and 75 per cent, according to the location of the vineyards. On the level grounds the frost damage was highest, while on the hillsides many of the vineyards escaped entirely.

However, most of the vineyards are on the level land in these counties, and the average damage would appear to be about 50 per cent.

On the two cold nights of April 13 and 14 Napa and Sonoma districts got their first real frost damage, and all of the reports which we get from those two counties estimate conservatively that the damage to the crop has been in the neighborhood of 50 per cent.

Madera, Kings and Merced counties, as well as adjoining sections, have also suffered very materially from frost damage, and it may be truthfully said that practically the entire state north of Tehachapi has

### Notice to the Public

### Details Sell Resort at El Verano

The El Verano resort, long owned by Mrs. Dutil and known as the "French Cottage," has been sold to P. Verdier of San Francisco through the agency of L. Mouyer. The new owner will conduct the resort, which has always enjoyed a fine patronage, and is well and favorably known as a French family resort.

There were slight losses in spotted sections of Southern California, but the damage has been very little as compared with the destruction in the San Joaquin and Sacramento valleys, as well as the coast counties.

Realizing that our growers might be looking for advice in the way of taking the best possible care of their vineyards since the frost affliction, we have obtained word from the best authorities and are prepared to give it to our members. Professor F. T. Bioletti who is in the southern part of the state, was reached by telegram and asked for a reply by wire. He has communicated with us and he advises that the frost-damaged vines should be particularly well cultivated and irrigated whenever possible during the balance of the growing season. He does not advise the removal of the frost-damaged vines.

Our members should remember also that there is hope of growth and some crop from the dormant bud which will come out if the vineyards are kept well cultivated for the balance of the season. Every inducement should be given the vine to put new growths and we trust that even though we may have to suffer very greatly from the frost there will be some salvage from the new growth and some recompense for possibly a higher price for the grapes.

### MISS EMILIE POPPE TO BE HEARD IN SONG RECITAL

Friends and admirers of Miss Emilie Poppe, Sonoma's talented musician, are much interested in the program to be presented by Miss Poppe and Miss Randolph at a song recital to be given today at Miss de Freney's "Studio in the Garden," Oakland. The young ladies are pupils of Mrs. Alma B. Winchester, and it is the first appearance of Miss Poppe in a formal way. The program numbers to be given by the young artist reflect her temperament and should be admirably adapted to the beautiful quality of her soprano voice. Miss Poppe's selections are to be the following:

La dove prelude—"The Magic Flute" (Mozart), Miss Emilie Poppe and Miss Mildred Randolph; "Have You Seen but a White Lillie Grow?" (Anon) "Oh, Sleep, Why Dost Thou Leave Me?" (Händel), "Come and Trip It" (Händel), Miss Poppe; "L'Adieu du Matin" (Pessard), "Chanson Norvegienne" (Fauré), "Si l'été Jardinier" (Chaminade), "Mandoline" (Debussy), "Lullaby" (Cyril Scott), "Rien" (Curran), "Love Is the Wind" (MacFadden), Miss Poppe; "Serenade" (Tosti), Miss Poppe and Miss Randolph.

### BOYES SPRINGS HAD GALA OPENING NIGHT

Boyes Springs theatre was packed to capacity last Saturday night, the opening date of the popular resort. The people came from everywhere to attest their appreciation of the entertainment offered by the resort every season and to welcome Wilson's jazz orchestra back again. The Chorus Girls' Romance, with Viola Dana, was the moving picture offering, but it was the dance which lured the young folks and the old ones, too, and they gave the Wilson music a big ovation, which was acknowledged with generous encores.

The theatre has been enlarged and refreshment tables added to the side where soft drinks and ice cream may be partaken of.

Mr. Liechtenberg was heartily pleased with the fine attendance on opening night, as was also "Chief" Cause at the box office.

Doctor Arnold, of the I. O. O. F. home at Saratoga, has been the guest of Supervisor and Mrs. Loyell at their home on the Napa road. They motored to Stockton this week.

### NORTHWESTERN PACIFIC RAILROAD TIME CARD TO APPEAR REGULARLY

For the first time since the war the Northwestern Pacific Railroad company's time card appears in these columns and will be welcomed by the traveling public. The time card will appear regularly from now on in all the county papers.

Tickets from Sonoma to San Francisco are now on sale every Saturday and Sunday, good for 15 days at \$2.38 the round trip. Fifteen day tickets and three month tickets are on sale in San Francisco for points along the N. W. P. at reduced rates. For time table see another column.

### Clewe Block Greatly Improved

The two-story concrete Clewe building has been greatly improved by the removal of the old awning, repairs to the walls and the painting now being completed by Muller & Dewney. The whole exterior was gone over by the painters, who covered a lot of surface in a very short space of time and did a good job. The building was erected in 1882, but is a substantial and imposing structure.

Miss Florence Green was up from San Francisco last Saturday and found her mother slowly improving from her recent serious illness.

### WHAT PRIZE LAYING HENS EAT

Here is an accurate itemized list of feeds used for the first six months of the Sonoma County Farm Bureau egg laying contest:

Grain and mash, 14,910 lbs., \$426.15; charcoal, 350 lbs., \$16.31; oyster shell 1000 lbs., \$3.43; grit, 300 lbs., \$2.25; green feed, 7500 lbs., \$18.75; epsom salts, 30 lbs., \$2.30; hauling, \$4.37. Total 24,090 lbs., \$474.86.

This means that each hen has consumed 36.08 lbs. of grain and mash. If grit and oyster shell and green feed are included each hen has consumed a total of 56.74 lbs.

Each hen has consumed 18 lbs. of green feed and 2 1/2 lbs. of shell.

The death rate for the first six months was only 1.4 per cent, which, to the best of our knowledge, is a record, and the health of the flock is exceptionally good. This speaks louder than anything else for the system of housing and feeding which has been followed.

Miss Florence Green was up from San Francisco last Saturday and found her mother slowly improving from her recent serious illness.

## VINEBURG NEWS

Jovial Albert Groskopf and his fair young bride (nee Louise Batto) returned from their automobile honeymoon Saturday evening, after a delightful trip of ten days, during which time they motored through the principal points of interest in Central and Southern California and as far as El Mexico. Surely every place looked good, and so does little peaceful Vineburg.

Mrs. Fred Batto and son Frederick were visitors in the metropolis several days this week.

Chas. Groskopf is now in Petaluma engaged in road work. That is just it—when they want good men they send to Vineburg.

Last Sunday was a "lovely day." Of course, we don't care what we say, because things didn't come our way.

Adlo Bacigalupi and Ernest Figone, two star players on the Lowell high school basketball team of San Francisco, were the week-end guests at the John Batto residence.

Work is now under way and progressing favorably on the new highway in this vicinity.

Never in the history of Vineburg has there been shipped as many eggs as at the present time, which goes to show that the poultry industry is surely booming.

Miss Allie Allen of Baxterville writes us that she left her bedroom window open one night last week and that the wind blew so hard that it blew the "sawdust" out of her lavender powder pin cushion. That is nothing, Allie, as long as it didn't blow the gold filling out of your false teeth. Don't crash!

Miss Tillie Tarleton of Cave Dell, an expert in the culinary art, will speak before the members of the Five-O'Clock Tea Club in the near future. Her subject will be "The Rise and Fall of the Shortberry Straw Cake."

## New St. Francis Rectory

Plans for the new St. Francis rectory have been approved by His Grace, Most Reverend Archbishop Luma and bids for construction of same are to be asked for at once. Father Byrne has been busy for some time soliciting subscriptions, and the response has been so encouraging that he is now able to begin building, and hopes through the continued good will of the people to be able to finish this much needed improvement to the parish without incurring too much debt.

## CLASSIFIED ADVERTISING

## BOYES CHEMICAL ENGINE

### PUTS OUT FIRE WEDNESDAY

While patrolling the valley Wednesday the Boyes chemical engine, "Moon Valley Angel," discovered a fire in the J. J. Payne place, the brooder house having caught fire from the coal oil stove. Three hundred and fifty little chicks were destroyed in the blaze, but prompt action by the Boyes chemical engine crew saved buildings adjacent to the brooder house.

Another fire started one day this week from dry grass in the Sonoma Valley Lumber Company's yard at Petters, but James Kearney had the hose on the blaze before the chemical arrived.

Fire Chief Cause advises all property owners to cut the grass around their homes and outbuildings, so that in case of a blaze the fire cannot spread. "Cut it now," is the chief's advice to everybody.

Mr. and Mrs. C. J. Carlson of Schellville have leased the M. M. Morris ranch, formerly the Pinelli place, adjoining the Mosso property. It consists of 243 acres and has been advertised in these columns for some time. There were many inquiries as a result of the ad.

Mrs. Morse, formerly Mrs. M. E. Sherman, of San Francisco, was a visitor here Sunday and greeted many old friends.

Mrs. C. F. Rodenberger of San Francisco enjoyed a couple of days with Mrs. Marcel Charlat on the Blue Bird Farm, El Verano.

Mr. and Mrs. L. Garrison have a baby girl. Mr. Garrison is the California Light and Telephone man. He is a happy daddy.

Mrs. Alfred Rubke entertained the Flying Needles most charmingly at her pretty bungalow in Schellville last Wednesday. The living room was decorated with sweet peas and gorgeous tulips. About eighteen or twenty ladies enjoyed the afternoon and after the needle work had been put away all enjoyed dainty refreshments.

Mr. and Mrs. F. C. Wilson, of jazz fame, arrived from San Diego last week to open their engagement at Boyes Springs. They had a very successful season at the Waldorf down south and are now driving a classy Studebaker roadster.

J. A. Savacool left Tuesday for Ohio, where he will visit relatives for the next six weeks.

James Wilson, of Southern California, was here en route to Cloverdale last week. It was his first visit in many years.

IN THE MAKING

To build up Sonoma and the trade-at-home idea it might be a good idea to start in at the Sonoma High School, where future citizens are now sending printing down to Los Angeles for the commencement exercises. Money sent to Los Angeles will not build up Sonoma valley nor will Los Angeles help build us a better and bigger high school. Students should be set to thinking along these lines.

Mr. and Mrs. Vella Celebrate

Mr. and Mrs. Joseph Vella celebrated their third wedding anniversary at their artistic bungalow on Napa street last Monday evening. A number of friends enjoyed the hospitality of the well-known creamery man and his wife, partook of delicious refreshments, enjoyed dancing and listened to many of the splendid operatic records which Mr. Vella treasures. The evening was thoroughly enjoyed by all and hearty congratulations were bestowed on the young couple.

Mrs. A. Syerowsky of San Francisco has been enjoying a visit at the Munroe home. Mrs. Syerowsky has a nice position as companion to a wealthy woman of the metropolis. As her employer is now in the east she found time to make her Sonoma friends a visit.

## Sebastiani Returns From East

Sam Sebastiani, who has been east on a business trip, returned home Wednesday. Mr. Sebastiani declares that the enforcement prohibition program in New York has caused a serious slump in the wine business and will greatly affect eastern grape shipments this year. The ruthless manner in which the dries are attempting to dry up New York makes everyone there afraid to take a chance and unless a change takes place and light wines and beer are legalized, Sebastiani believes grape prices this year will be much less than last.

He reports the fruit and canning business outlook as extremely quiet also.

Miss Emma Perry has finished her stenographic course and now has a good position in the office of a large wholesale house in San Francisco.

The F. Helberg family motored to Stockton the last week to visit their daughter, Mrs. Leonard Thomas. Mr. and Mrs. Thomas are nicely located there.

The Oakland Tribune, daily and Sunday, by mail, \$9.75 with the Sonoma Index-Tribune. Sample copies on request.

## Dies Shortly After Wife

Marcellin Vigne passed away yesterday just a few short months after his wife. He will be buried Sunday from St. Francis church.

**First Speedway Race on August 7**

The American Automobile Association has wired the North Bay Counties Speedway management that sanction has been given for a 150-mile race at Cotati on August 7th. By next Monday it is stated there will be at least 100,000 feet of lumber on the ground for the construction of the huge wooden bowl.

**PIANO TUNING BY EXPERT**

A. W. Pooley, the well known piano tuner, has returned from his season's work at Carmel and Monterey and is again in Sonoma County. Anyone wishing to have work done on their pianos may address Mr. Pooley, care of the American Hotel, Petaluma, where he makes his headquarters. He will be coming to Sonoma Valley to fill engagements very shortly.

We do house wiring. Electric Service and Battery Station. At Ford Garage, Sonoma.

## COLONEL R. A. POPPE

**REAPPOINTED HOME MANAGER**

SANTA ROSA, May 4.—Charles O. Dunbar and Charles A. Wright have been appointed by Governor Stephens to succeed vice Judge P. S. King and Judge R. L. Thompson as members of the board of managers of the Sonoma State Home. Vice Judge King and Judge Thompson resigned recently.

In addition the governor has appointed Colonel R. A. Poppe of Sonoma, E. M. Norton of Healdsburg, and Major C. E. Haven of Oakland as members of the board to succeed themselves. They have been managers of the institution for many years.

**HIGH SCHOOL NOTES**

The following students are members of the Honor Scholarship Society this quarter: Freshmen—Scott Lane, Irma Adler, Anna Noyes Roy Wirtz, Evelyn Cordell; sophomores—Marie Anderson, Anita Camp, Joseph Deacon, Robert Poppe Donald Prestwood, Arthur Ritz; juniors—Herschel Hyde, Irene Tracy; seniors—Marguerite Helberg, Helen Steinman Harry Burmeister.

Eleven of the students of the Social Economics class and their teacher, Miss Kurlenbach went on a profitable field trip to the State Home to supplement their study of the subject of feeble-mindedness.

The Senior Class has received invitations from the Junior Class to a farewell reception in the Woman's club house.

H. S. REPORTER.

Mrs. Neal Dodge will entertain the Ladies' Aid of the Congregational church at the Hall ranch next Tuesday.

Chief of Police Secord of Napa and a party of friends were guests of Mr. and Mrs. Julius Panerazi last Sunday.

Captain Dalquist and family have purchased the former Carlson place at El Verano and are improving it.

Mr. and Mrs. A. Crivelli are the parents of their third little son. Dr. Hays was in attendance.
